$$y = \frac{a^3}{a^2} + x^2$$

IST of THE WITCH OF AG

Francis Ford Coppola
THE WITCH of AGNESI

...was a brilliant 16th century mathematician, philosopher, and scientific prodigy and fluent in several languages. On her seventeenth birthday, she published her first mathematics handbook, she became a mathematics professor at the University of Bologna. Her 'Utiluzioni Analitiche' have since come to be known as the 'Witch of Agnesi' in her honor.

Agnesi Brandy is a small batch American Brandy crafted with the finest water from our family vineyard, aged in our wine barrels. It brings together our passion for mathematics and love of cocktails. Drink it like we do, with a little Agnesi and a little Agnesi and brilliant.
